DOWNTOWN SPOKANE PARTNERSHIP

THE ORGANIZATION

The Downtown Spokane Partnership (DSP) was established in 1995 as a leadership organization to ensure the urban core remains a vibrant and healthy regional center of business, retail trade, government, education, transportation and living.

Your membership in the Downtown Spokane Partnership provides a unique opportunity for you and your organization to actively participate in shaping the vision for a new Downtown.

Downtown Spokane Partnership Mission

The DSP is dedicated to the creation of a dynamic, vital and sustainable Downtown as the basis of an economically healthy region.

STRATEGIC INITIATIVES

The Downtown Spokane Partnership actively pursues six strategic initiatives in collaboration with its partners and the community.

- An Enhanced Public Services strategy to maintain and promote a clean, safe and accessible Downtown (through the Business Improvement District).
- A Public Policy strategy to encourage the adoption of governmental tools, guidelines and incentives to support the realization of Downtown's full potential.
- A Planning and Design strategy to create a beautiful, pedestrian-oriented urban environment maximizing the unique appeal of a Downtown offering employment, culture, entertainment and natural assets.
- A Business Development strategy to help generate jobs and economic vitality by anticipating the ongoing and rapid changes in the location, type and requirements of new commercial activity.
- A Project Development strategy to aggressively push necessary projects by securing public and private funding, ownership and partnership.
- A Project Administrator for the University District.

THE PARTNERSHIP'S STRUCTURE

The Downtown Spokane Partnership is a private, non-profit membership organization with a board of directors comprised of representatives from the private and public sectors.

The Downtown Spokane Partnership acts as a progressive management organization that sets the strategic agenda, guides and manages the revitalization program, and administers various implementation entities. Today, under contract with the City of Spokane, the DSP administers the Downtown Business Improvement District, a quasi-public entity funded by business and property owner assessments to deliver management services (security, maintenance and parking) and promote Downtown.

IMPORTANCE TO THE COMMUNITY

The Downtown Spokane Partnership's activities are critical to the economic health of the entire community...from creating jobs to improving the quality of life to raising the value of Downtown property. Whether it is a firm, employee recruit considering a position in Spokane, or a new family to the area, their opinion of Spokane as a suitable place to locate their business or move their family is largely formed by the appearance of the Downtown area. A vital Downtown, as the center for commerce, entertainment and cultural activities plays an important role in the community's ability to attract people and investment.

DSP MEMBERSHIP

A DSP Membership is open to any and all individuals, partnerships, firms, corporations and businesses interested in the welfare and development of Downtown Spokane. The member organizations sponsor DSP to fund the strategic agenda and position DSP as the Downtown advocacy organization.

MEMBERSHIP ADVANTAGE:

The Downtown Spokane Partnership engages in a number of strategic initiatives each year. Member organizations have the opportunity to participate on committees or task forces in the following critical areas: Planning and Design, Enhanced Public Services, Public Policy, Business and Project Development.

- DSP Members are active partners in shaping the future of Downtown development.
- Developing new strategic initiatives, planning and promoting programs, advocating and influencing the public and government sector on Downtown concerns and issues.
- Promoting the region's most dynamic and exciting center of commerce and entertainment...Downtown Spokane!
- A vital leadership role in the economic growth of your community.
